BLACK&WHITE

OPERA
Art and Water

Straight lines and a robust structure. Attention to detail, finishes and fluid movements in opening and closing. Beauty and technology flow into Opera, a shower door characterized by beautiful finishes and linear design.

Opera is the protagonist of a contemporary and refined bathroom thanks to the contrast between glass and black finishes.

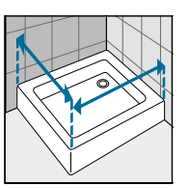
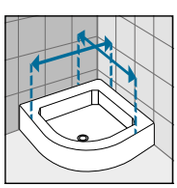
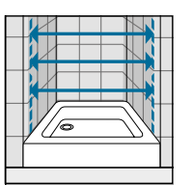
HOW TO TAKE THE MEASUREMENT





Take the measurements from wall to the external edge of the shower tray. Dimensions must be taken once the walls are finished and tiled, according to the above drawings.



Take the measurements from wall to wall at the bottom, at the top, in the middle and use the smallest. Dimensions must be taken once the walls are finished and tiled, according to the above drawings.

QUALITY AND SAFETY

SAFETY

All our products are designed to meet the latest EU standards of quality and safety.

From raw materials through to semi-processed goods and assembly of the various components, each manufacturing stage is carefully planned, monitored and tested to ensure the maximum levels of quality required by a global market.

STEAM SAUNA

Steam saunas conform to the following European directives: **UE 305/2011, 2014/35/UE, 2014/307UE, 2014/53/UE.**

With reference to harmonised standards:

N 60335-1
EN 60335-2-105
EN 62233
EN 60479
EN 55014-1
EN 55014-2
EN 61000-3-2
EN 6000-3-3
EN 301 489-17 V3.2.0
EN 301 489-1 V2.2.0
EN 300 328 V2.1.1

PLASTIC MATERIALS

All the plastic materials used in the production of Novellini products (Metacrylate, ABS, etc.) are subject to severe testing to ensure they are compact, thick and even.

SOLE GLASS RADIATOR

Sole glass radiators conform to the following European directives: **UE 305/2011, 2014/35/UE, 2014/30/UE, 2014/53/UE** with reference to harmonised standards:

EN 60335-1
EN 60335-2-30
EN 62233
EN 60479
EN 55014-1
EN 55014-2

SHOWER ENCLOSURES / SHOWER TRAYS

Shower enclosures produced in our facilities meet the EU Standard **EN 14428** (Shower enclosures - Functional requirements and test methods). This declaration is based on the conformity of the products to the following standard: **EN 14428:2015**, With reference to harmonised standards:

EN12150-1:2015
ISO 7599
EN ISO 2409
ISO7892

Novellini Spa - Via Mantova, 1023 46034 Romanore di Borgo Virgilio - Mantova - Italy
EN 14428 :2015

SHOWER TRAYS

The shower trays produced by Novellini for domestic use and conform to the **EN 14527 :2016**

ANNEX B: When wet, the surface of the majority of the shower trays is more slippery with a consequent increase of the slipping possibilities. This happens mainly because of soap and shampoo foam, bath oil etc. Designers, installers and end users MUST be aware of this.

Novellini Spa - Via Mantova, 1023 46034 Romanore di Borgo Virgilio - Mantova - Italy
12
EN 14527-CL 1

The shower walls and trays produced by Novellini meet the new EU Regulation 305/2011

REACH DIRECTIVE

Application of regulation n° 1907/2006
(REACH directive)

Dear Client,

On the 1st. of June 2007 there entered into force over the whole European Union the new regulatory system (REACH - REGULATION (EC) N. 1907/2006), for the evaluation, registration and control of the release of substances and chemicals on to the European market. This requires that all substances and chemicals produced in or imported into the European Union, in quantities superior to 1 ton/year must be registered with the European Chemicals Agency (ECHA). In order to make use of a transition period during which it will be possible to prepare the registration dossier, it will be necessary to perform a preliminary registration before 01/12/08. It should be remembered that, if before this date the pre-registration has not been performed, the substance in question will not be able to be released on to the market until registration has been carried out.

In this regard it is communicated that Novellini S.p.A. holds only the role of downstream user, neither producing nor importing substances inside the EU, and therefore does not have to carry out the duties relative to the registration of such substances.

In order to guarantee you the regular continuity of supply of our products, with this document we inform you that we are assuring ourselves that our suppliers, if necessary, perform the pre-registration. Should that not happen we will replace the substances in use with others complying with the requisites of the binding regulations. However our supply will undergo no modification downstream of the REACH obligations.

As regards our products it appears that they all come under the definition of article present in the Regulation (EC) N. 1907/2006 of the European Parliament and Council of 18th. December 2006. In particular within the meaning of art. 7 "Registration and notification of the substances contained in articles", comma 1 letter b), such articles are not subject to registration as any substances contained in them are not destined for release in normal or reasonably foreseeable conditions of use.

Moreover, it is pointed out that, still within the meaning of Regulation (EC) N. 1907/2006, the above mentioned articles, based on their characteristics, do not come under the obligations foreseen by art. 33 "Duty to communicate information on substances present in articles" as the percentage in weight of the substances held to be dangerous, within the meaning of the present regulation, is lower than 0,1% of the total weight of the article.

WARRANTY TERMS

This guarantee is provided according to product liability directive CEE 85/374 concerning liability for defective products, for products sold in the EU countries.

NOVELLINI S.P.A. guarantees its products against defects of manufacture and material for a period of 24 months, subject to proof of purchase, from the date of purchase appearing on the sales receipt or tax invoice, such period never to exceed 30 months from the date of the manufacturing test, and only where such defects are found or confirmed by personnel authorized by the Company.

The guarantee is restricted to repairing or replacing the parts found to be defective.

The guarantee does not include replacement of the entire product.

The guarantee does not cover costs of disassembly and reinstallation.

The guarantee does not include lights, pilot lights, fuses, parts made of glass, mirrors, trimmings or any parts found to be defective as a result of negligence or neglect, incorret installation or maintenance, tampering by unauthorized personnel, or damage due to transport or any other reason not directly linked to a manufacturing defect, such as, for example, corrosion or any unfavourable conditions deriving from that can be attributed to the nature and quality of the water and electricity supply in the building where the product is installed.

The purchaser is responsible for checking that the product is in good condition prior to installation.

NOVELLINI S.P.A. declines any responsibility for damage, whether direct or indirect, to persons, animals or things arising out failure to observe the instructions contained in the installation, use and maintenance manual that accompanies the product.

ALL PRODUCTS ARE INSURED FOR CONSUMER PRODUCT LIABILITY. ACCORDING TO THE EEC DIRECTIVE NO. 374 OF 1985, WITH ITAS-TRENTINO ALTO ADIGE INSURANCE COMPANY - TRENTO.

NOVELLINI GROUP OPERATES A POLICY OF CONTINUOUS DEVELOPMENT AND IMPROVEMENT.

WE RESERVE THE RIGHT TO CHANGE PRICES AND SPECIFICATIONS WITHOUT PRIOR NOTICE.

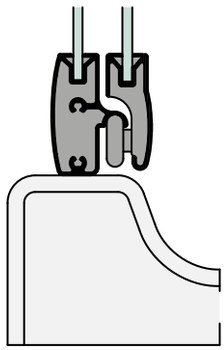
This price list cancels and replaces previous lists. The pictures and information in this catalogue are for information only and may be changed without prior notice.

WATERPROOF

SEALING SYSTEMS

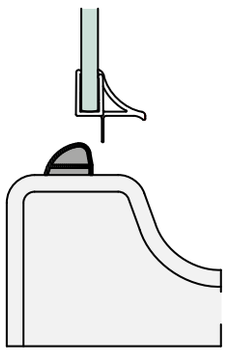
WATERPROOF
EXCELLENT

Showers with lower horizontal profile prevents leakage of water splashes.



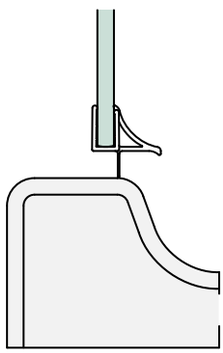
WATERPROOF
SATISFACTORY

The lower sealing system,
improves the result but does not guarantee the total impermeability.



IMPERMEABILITÀ
NOT GUARANTEED TO BE 100%

Showers without lower horizontal profile.



IMPORTANT:
The level of impermeability is guaranteed if the product is installed correctly according to the installation instructions provided.
